UNLEASH THE BEACH **We dog owners / guardians and other residents of the City of Santa Monica would like an area on the Santa Monica Beach where people can play with their dogs off leash. The proposed area is approximately one-tenth of a mile long, between Lifeguard Stands 11 and 12, in an underused and underdeveloped section of the beach. It is one block north of the pedestrian overpass at Arizona, and on the sands west of the parking lot at 1150 Palisades Beach Road (PCH).
